

The background of the image is a textured, parchment-like surface with a faint, sepia-toned illustration of a cityscape, possibly Beijing, featuring a prominent building with a cross on its roof. The scene is framed by decorative floral and leaf patterns in shades of red, orange, and yellow. A black silhouette of a person is shown falling through a hole in the ground, with their arms and legs outstretched.

If you were to fall
in a hole through
the center of the
earth, how long
would it take you
to land in Beijing?
